Scotch-Brite™ Purple Diamond Floor Pad

Scotch-Brite™ Sienna Diamond Floor Pad

On reflection...

the difference is clear

Floor polishing without chemicals

Scotch-Brite™ Diamond Floor Pads are engineered for use without harmful and costly chemicals.

Scotch-Brite™ Diamond Floor Pads:

- No chemicals required
- Washable and reusable
- For most stone floors and vinyls

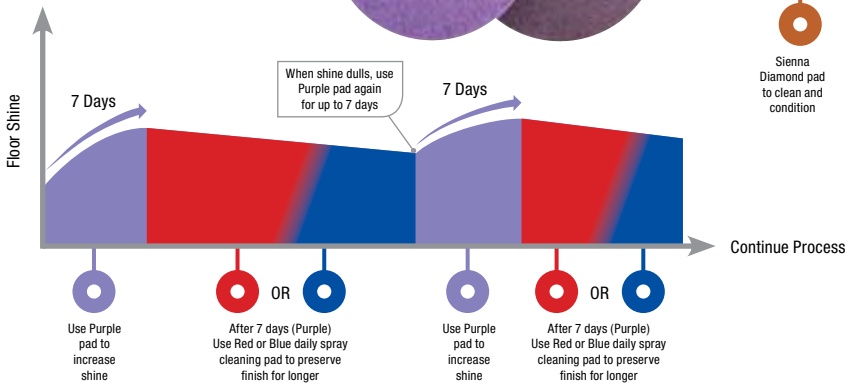

Scotch-Brite™ Purple Diamond Floor Pad and Scotch-Brite™ Sienna Diamond Floor Pad Cleaning Systems.

Bring Marble, Terrazzo, Vinyl and Polished Concrete to a brilliant finish

Based on a diamond formula, this system is a **simplified, one step process** that simultaneously **cleans and polishes** floors without the need for **chemicals**, only your usual diluted neutral floor cleaner.

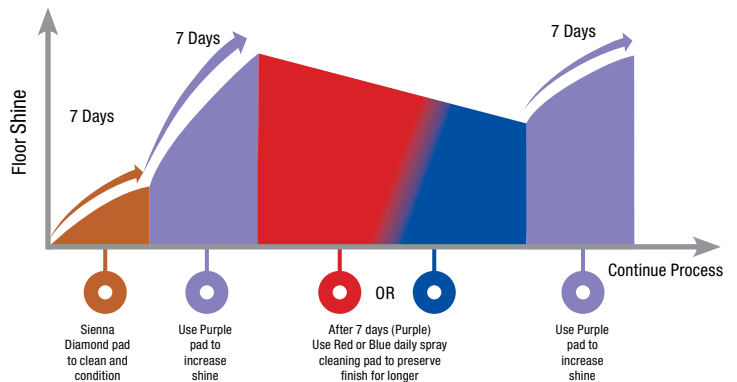

Process for floors currently in good initial condition with medium finish

The Scotch-Brite™ Purple Diamond Floor Pad can be used in combination with a regular daily maintenance pad such as the Scotch-Brite™ Red Spray Cleaning Floor Pad. After use of Scotch-Brite™ Purple Diamond Floor Pad, your daily spray cleaning floor pad can be used to maintain floor appearance. When the floor begins to dull, use the Scotch-Brite™ Purple Diamond Floor Pad again. Then simply revert back to daily maintenance and finish preservation with your regular Scotch-Brite™ Daily Maintenance Floor Pad.

Process for floors currently in poor initial condition with dull shine

The Scotch-Brite™ Sienna Diamond Floor Pad can be used in combination with the Scotch-Brite™ Purple Diamond Floor Pad. If your floors appear to be worn or dull, use the Scotch-Brite™ Sienna Diamond Floor Pad to help condition the flooring and bring it to a medium gloss. Then use the Scotch-Brite™ Purple Diamond Floor Pad to further enhance the floor appearance. Your regular cleaning routine such as spray cleaning with Scotch-Brite™ Red Floor Pad can be used to maintain floor appearance.
