

Floor stripping

without chemicals

Scotch-Brite™ Surface Preparation Pads are engineered for better performance and ease of use.

Scotch-Brite™ Surface Prep Pads:

- Reduces the need for chemical strippers
- Use pad with neutral cleaner or water
- Helps reduce labour hours and material costs related to stripping floors
- Effectively removes floor finish, leaving a clean surface ready for recoating

Scotch-Brite™ Surface Preparation Pads

No Chemical Strippers Needed

Scotch-Brite™ Surface Preparation Pads require only neutral cleaner or water to effectively remove floor finish, preparing the floor for finish application. The pads can be used on vinyl tile, aliro, marble, terrazzo, concrete and other floor types.

Helps Improve Safety and Productivity

- No Slippery residue from strippers
- No Stripper cleanup on baseboard or nearby floors
- No chemical contamination on skin, clothes and shoes

Cleaning Process

- Use Scotch-Brite™ Surface Preparation Pads and 3M™ Neutral Cleaner or water with auto-scrubbers and swing machines
- If 3M™ Neutral Cleaner is used in scrubbing procedure, rinse floor with water prior to applying floor finish
- A flexible backer floor pad can be used to hold pad
- Once floor is dry, dust with 3M™ Easy Trap Duster before applying floor finish.

Product Ordering Information

3M Short ID	Description	Units/case
