

CLEANS THE WATER SO YOU CAN CLEAN THE FLOOR..

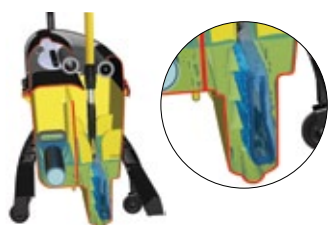

Introducing a revolutionary floor cleaning system with the industry's first integrated water filter for generating:

- CLEANER WATER
- CLEANER MOPS
- CLEANER FLOORS

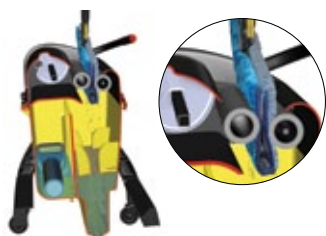

Introducing the CLEAN WATER SYSTEM

Clean Water System

RINSING AND SCRUBBING

Insert the mop into the bucket. Move the mop up and down to enable the built-in scrubbers to remove soil from the mop.

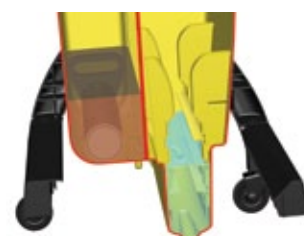

WRINGING

Lift the mop to position it between the two rollers located at the top of the bucket. Press the handle down to wring the mop. Turn the adjustable dial to select your desired moisture level.

TRANSFERRING

Tilt the bucket 90 degrees by pressing the handle. This allows the dirty water to transfer to the chamber that has the integrated filter.

FILTERING

Once the water is completely transferred to the filter chamber, rotate the bucket back to its original position. Clean, filtered water will flow back into the mopping chamber, ready for mopping.

Filter Bucket with Wringer Combo

- Integrated filter that turns dirty water into clean water
- Water filter improves productivity and reduces chemical/water waste
- Back-flushable filter is easy to use and maintain
- Built-in agitators remove more dirt from mops
- Twin roller wringer accommodates different mop thicknesses and desired moisture levels
- Floor drain for easy and fast emptying

Charging Bucket

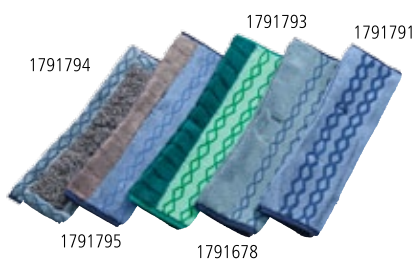

- Sieve design enables users to effectively and ergonomically moisten mops
- Holds up to 12 Clean Water System Double-Sided Microfibre Mops
- Reduces cross-contamination when a fresh mop is used for each room or area
- Safe for use in MRI rooms

Rubbermaid Pulse™ Microfibre Floor Cleaning System with Double-Sided Folding Frame

- High capacity refillable reservoir holds enough of solution to clean up to 80m² of floor space
- Red ergonomic trigger handle dispenses three streams of cleaning solution with each press
- Accomplishes dusting and damp mopping with one tool when used with Microfibre Dust & Wet Mop Plus (1791679)

Double-Sided Folding Frame

- Easy to attach and detach mop
- Stainless steel construction for enhanced durability
- For use with Rubbermaid Double-Sided Microfibre Mops

Double-Sided Microfibre Mops

- Proven to remove up to 99.9% of microorganisms¹
- Superior durability offers best cost-in-use, up to 1000 launderings
- Double-sided design provides twice the coverage and features different textiles on each side for various cleaning tasks and surfaces

Clean Water System

No.	Colour	Description	Dimensions	Capacity	Ship Wt/Ctn	Pack
1791797	YELLOW	Filter Bucket with Wringer Combo Yellow	91.4 cm x 60.9 cm x 53.3 cm	15.1 L	15.6 kg	1

1791677	YELLOW	Rubbermaid Pulse™ with 40 cm Double-Sided Folding Frame	132.1 cm x 10.8 cm x 8.9 cm	.62L	2.0 kg	1
FGQ75500	YELLOW	Straight Extension Handle	121.9 cm (182.9 cm) x 5.1 cm x 5.1 cm	-	3.97 kg	6

¹ Always use cleaning chemicals or disinfectants as directed by your facility manager.

² For use with FGQ75500 Rubbermaid HYGEN™ Straight Extension Handle.

³ To be used with Rubbermaid Pulse™ with Double-Sided Frame.

Rubbermaid Commercial Products is proud to be supporting WaterAid (www.wateraid.org). WaterAid is an international non governmental organisation which uses practical and sustainable solutions to improve poor people's access to safe water, improved hygiene and sanitation. WaterAid currently works in 26 countries throughout Africa, Asia and the Pacific region.

Starting in June 2011, and continuing for a period of not less than three years, Rubbermaid Commercial Products will donate a minimum of 1% of the value of sales of the Hygen Clean Water System to WaterAid.
