

COSHH Risk Assessment

NTRL All Purpose Sanitiser Fragranced- 750ml

Product Code: BF080-75

Warning

PROCESS STAGE	POTENTIAL RISK	CONTROL MEASURES	ACTION REQUIRED
DELIVERY			
Packaged in 6 x 750ml litre in trigger spray bottles. Delivered in single bottles if required.	Risk of spillage if the bottle is dropped. Risk of injury to user if dropped.	Trained employees should handle only single bottles at any given time. Take care not to drop the containers. Ensure that the trigger head is secure at all times.	Transfer bottles to store immediately following delivery. Do not leave containers in areas where users of the building will come into contact with them.
STORAGE			
Bottles must be stored upright in a cool, well ventilated, dry storage area. Product must be kept stored in its original container.	Minimal risk of spillage if trigger heads are firmly in place. Caps are not child proof.	Ensure that the product is stored away from oxidising materials. Keep bottles in secure storage areas. Store all containers below chest height to minimise risk of dropping. Restrict access to storage areas to authorised personnel.	Use oldest stock first. Make regular checks to ensure that storage area is clean and tidy. Make regular checks to ensure that bottles are not split or blown.
USAGE			
Suitable for spray cleaning or damp mopping. Ready to use.	Risk of serious eye damage/eye irritation. Risk of spillage onto floor.	Handle the containers with care. Spray product away from the body and face at all times. Ensure that the bottle is returned to store when not in use. Always read the manufacturer's instructions prior to use. Never spray near foodstuffs.	Provide employees with PPE as follows: <ul style="list-style-type: none">In case of repeated or prolonged contact wear gloves. Ensure that operatives are aware of location of First Aid facilities.
DISPOSAL			
Empty bottles must be rinsed thoroughly and disposed of as normal waste. Residual stocks may be disposed of into a foul sewer (sluice) using plenty of water. Recycle all containers wherever facilities are available.	Small risk of skin or eye contact. Risk of contamination with other substances.	Wash out the bottle using plenty of water. Do not store any other material in the empty bottle. Ensure that the product is exhausted before disposal. Ensure that the product is not disposed of via a rainwater sewer (i.e. drain outside the building).	Dispose of contents/bottle in accordance with local regulations.
