

AH775-W

Specification Sheet

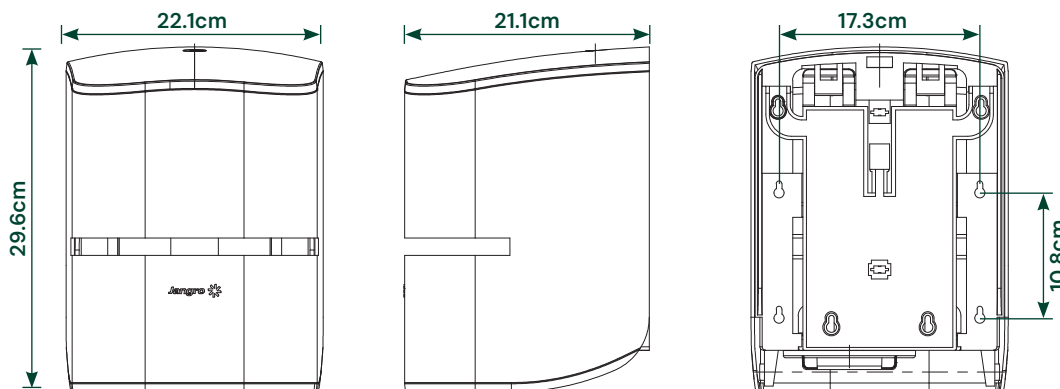

DESCRIPTION

Suitable for busy commercial environments such as kitchens, leisure centres, healthcare, washrooms or industrial workshops that require easy access to absorbent paper wiping for hands, equipment or spills.

FEATURES AND BENEFITS

- Protects centrefeed rolls providing hygienic dispensing solution
- Suitable for 1ply, 2ply and 3ply rolls thanks to its adjustable wheel which adjusts for each paper thickness
- Robust unit with a modern matt finish
- Designed with high capacity in mind to perform reliably in heavy footfall environments
- Flush-mounted fitting to walls improves hygiene standards, eliminating gaps and areas where dust and moisture can accumulate
- Visual level indicator to identify when refill required via wrap around window
- Built-in spirit level ensures level mounting
- Easy fit bracket with precision levelling measurement (optional extra)
- Universal key fits the entire dispenser range
- Optional lockable or unlockable mechanism

TECHNICAL DIMENSIONS

COMPATIBLE REFILLS

- Maximum roll size 19cm diameter x 23.5cm height.
